SUMMARY

UI/UX Designer with 5+ years of experience specializing in user-centered design, wireframing, prototyping, and usability testing. Proficient in Figma, design systems, and responsive design, with a strong focus on creating intuitive and visually consistent user experiences.

PROFESSIONAL EXPERIENCE

NIRVASA HEALTHCARE (GURGAON)

Senior UI/UX Designer

2025 JUNE – NOV 2025

- Designed and developed a Doctor-Facing CRM system to streamline patient management, including appointments, consultations, communications, and medical reports.
- Created wireframes, prototypes, and design systems using Figma to ensure visual consistency and scalability across healthcare applications.
- Conducted user research and usability testing to identify workflow pain points and optimize the doctor-patient interaction experience.

CONTENPORARY MARKETING (DELHI)

UI Developer/Designer

OCT 2024 – MAY 2025

- Designed an event management platform built with a responsive and intuitive UI using Figma, ensuring a smooth user experience across all devices.
- The key features like a registration form, QR code generation for check-ins, an interactive speaker section, a feedback form, and a gift distribution module. the app offers a real-time, interactive interface, making event management efficient and engaging.
- Created wireframes, prototypes, and high-fidelity designs to visualize user flows and interactions.

REALCODERZ PVT LTD (NOIDA, UP)

User Interface Designer

OCT 2021 – SEP 2024

- Designed and developed modules like the Candidate Recruitment System and Employee Management System. Enhancing organizational efficiency and productivity.
- Assisted in creation and refinement of mobile/web app designs, leading to a 15% increase in user engagement.
- Contributed to the improvement of design processes and workflows within the team.

NIIT LIMITED (GURUGRAM)

Web Designer

Nov 2019 - MAR 2020

- I was responsible for creating and Design & developing E-learning course.
- My primary focus was to provide a better user experience for the user where they can learn and take participate in quizzes
- Coordinate with team members to gain a clear understanding of the requirements for each course, identify the target audience, and ensure effective content management.

KEY PROJECTS

WEBSITE DEVELOPMENT

SOFTWARE DEVELOPMENT

- **Project** (Under development): LEELAAH - An AI-powered content creation web/mobile app
Role: UI/UX, Frontend Developer
Tech Stacks Used: HTML, CSS, JS, BOOTSTRAP, FIGMA
Role & Responsibilities:
 - Created end-to-end UI/UX flows for AI-generated text, image, video, and audio features.
 - Designed scalable design systems, component libraries, and style guides in Figma.
 - Architected complex user flows including community feeds, global chat, and real-time messaging.
 - Ensured responsive, accessible, and user-centered interfaces across devices.
 - Converted Figma designs into pixel-perfect, production-ready front-end layouts.
- **Project:** COACH - Doctor–Patient CRM web app
Role: UI/UX, Frontend Developer
Tech Stacks Used: HTML, CSS, JS, REACTJS, BOOTSTRAP, FIGMA
Role & Responsibilities:
 - Created user-centric flows for doctors, patients, and admin roles to ensure clarity, speed, and reduced cognitive load.
 - Developed low-fidelity wireframes to high-fidelity UI designs in Figma, ensuring design consistency across modules.
 - Built a clean, accessible interface for medical reports, transactions, and communication while maintaining data sensitivity and trust.
 - Built modular, reusable React components for consultations, appointments, medical reports, transactions, and dashboards.
 - Managed application state efficiently using React hooks and optimized component re-renders for better performance.
 - Integrated REST APIs for appointments, client management, orders, medical records, and transaction handling.

EDUCATION

DR. APJ ABDUL KALAM TECHNICAL UNIVERSITY(AKTU)
Computer Science & technology (B.tech)

Greater Noida, UP
2015-2019

TECHNICAL SKILLS

- **Design Skill:** User Experience, Wireframing, Prototyping, Visual Design, Interaction Design, Typography, Branding, Usability Testing, Storyboarding, Competitive Analysis, Designing Research
- **Programming Skill:** HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React Js, jQuery, AJAX
- **Designing Tools:** Figma, Spline, Inkscape, Photoshop, Adobe XD, inVision, Framer
- **Other Tools:** WordPress, UI/UX
